The weather this week is predicted to have highs in the 60s and 70s and lows in the 30s and 40s. It just doesn't get better than that! The leaves are starting to turn, mostly yellows and some reds. However, most of the trees are very lush evergreens so the colors really stand out. We drove to [Jackson](#) and [Teton Village](#), kind of got the lay of the land, when we were not gawking at the spectacular scenery. There is an off-leash dog park/path that is along a river with the Tetons in the background. It is a spectacular park plus not only dog walkers but many people just out enjoying life.

We poked around [Teton Village](#), really beautiful place, well-tended and the background is breathtaking. We had a meal at the [Mangy Moose](#). I had an excellent meal, the Butter Bean and Tomato Ragout. I am going to try to make this dish!
